

ST PATRICK'S DAY SCAVENGER HUNT

Outdoors

Follow the clues to find the treasure. Start by going to the place that holds letters and bills.

My rings are not made of metal but they tell my age.

I am not used during the day but at night I show you the way.

You might find more clues where you wipe your shoes.

I get very hot but you need this heat to cook your meat.

I have a trunk, body and tail but no feet. I take you from place to place.

I am very long but not a snake. I can help you cool down in the summer.

Congratulations! You have found the final clue. The treasure is hidden near something blue.
